

## MIYO-Nepal Foundation

**The MIYO-Nepal Foundation** is a Nepali non-profit Ngo since 2023 and active with the Medora school programs in Kalika.

Dentist Santosh Adhikari, is the founding president of MIYO-Nepal, holds a PhD in public health, associate professor at the College of Medical Science and responsible for the substantive management of the local programs and coaching of the teams. **Kalika Mountain Project is their first project.**

**The Medora Health Foundation Nepal** is a Dutch non-profit Ngo, active with school programs in Chitwan since 2007.

Dentist Rien Koopmans is the founding president of Medora, see: [www.medora.nl](http://www.medora.nl) Email: [info@medora.nl](mailto:info@medora.nl) Mb: 0031620426559.

**Rien Koopmans and Santosh Adhikari** met during one of the programs in Chitwan, they worked together in several school programs and exchanged lot of ideas and vision about healthcare for children. Santosh is a Medora board member since 2022. Dr. Santosh is my most important representant in Nepal, we share our mission and vision.

### Brush At School programma (BAS)

Per class, children receive information about healthy nutrition and oral and general hygiene. Followed by physical instructions. Parents and teachers are informed about the usefulness of the program.

### Oral Health Program (OHP)

Children will be screened for oral health and treated in a second session at school by dental hygienists or dentist depending on the indicated treatment.
